## **ALLOWANCE**

### ***Allowable Subject Matter***

1. **Claims 1, 5, 13, 14, 23, 24, 28, 30, 31, 33, 36, 38, 40, 42, 44, 45 and 47** are allowed. These claims will be renumbered as 1-17.

2. The following is an examiner's statement of reasons for allowance:

The prior art of record do not teach or suggest the claimed limitation of portable computing device receiving an untranslated document in a non-print ready format transmitted from a nearby printing device, translating the document into a print ready format, and facilitating transmission of the print ready document back to the printing device.

The most relevant prior art Miyano (U.S. Patent No. 7,199,889) teaches the method of a printer sending encoded fingerprint data to a server, wherein a server decodes the fingerprint data for authenticating requested document and transmitting the requested document to the printer. However, the document itself is not transmitted to the server and sent back to the printer as a print ready format.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
